**PROPOSAL(S) TO ISSUE/REISSUE/AMEND/TERMINATE VA
POLLUTANT DISCHARGE ELIMINATION SYSTEM (VPDES)
PERMIT(S) AND STATE DISCHARGE CERTIFICATE(S) TO
DISCHARGE TO STATE WATERS, PURSUANT TO U.S. PUBLIC
LAW 92-500 AS AMENDED AND SECTION 62.1-44.2 ET SEQ OF
THE CODE OF VIRGINIA AS AMENDED.**

The municipal, industrial or private facility owners on the attached list has applied for VPDES Permits and State Certificates to discharge treated wastes into the waters of the Commonwealth of Virginia, or for reissuance or amendment of existing permits. The applicants treat or propose to treat sewage and/or industrial wastewaters conveyed to the treatment facilities, prior to discharge. On the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental quality (DEQ) proposes to issue/reissue/amend/terminate the permit(s) subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

**PROCEDURES FOR FORMULATION OF FINAL
DETERMINATIONS**

Persons may comment in writing to the DEQ on the proposed permit within 30 days from the date of newspaper public notice. Comments shall include address and phone number of the writer, and shall contain a complete, concise statement of the factual basis for the comments. Only those comments received within this period will be considered by the DEQ. The DEQ may, upon request or upon its

own motion, decide to hold a public hearing if it determines that public response is significant. As of September 1, 1985, the mailing notice will be informational only and is considered to be confirmation of newspaper notices and not the official notice for comments.

All pertinent information is on file and may be inspected and arrangements made for copying at the Regional Office having jurisdiction as indicated in the first column of the attached list:

Central Office, P. O. Box 1105, Richmond, Virginia 23218

The purpose of this notice is to seek public comment on a draft permit regulation from DEQ that proposes to replace and update VAG75 (the VPDES car wash general permit 9VAC25-260-194) which expires October 16, 2012 and combine into this permit VAG72 (the VPDES coin-operated laundry general permit 9VAC25-810) which expires February 8, 2016. A secondary action associated with this rulemaking is the repeal of the VPDES coin-operated laundry general permit since the requirements of that permit (VAG72) are being incorporated into VAG75. The general permit will establish limitations and monitoring requirements for point source discharge of treated wastewaters from vehicle wash facilities and laundry facilities to surface waters. Significant amendments to 9VAC25-194 are to expand coverage to include more types of vehicle washing activities, added three reasons authorization to discharge cannot be granted (if the discharge violates the antidegradation policy in the Water Quality Standards at 9VAC25-260-30, if an approved TMDL contains a WLA for the facility or if central wastewater treatment facilities are reasonably available), added language to allow for 'administrative continuances' of coverage, added effluent limits pages for laundries and combined laundry and vehicle wash facilities and added five new special conditions.

Public Comment period is October 24 thru December 27, 2011. DEQ accepts written comments by e-mail, fax and postal mail. All written comments must include the full name and address of the person commenting and be received by DEQ no later than the last day of the comment period. Both oral and written comments are accepted at the public hearing. In addition, the public may submit written comments through the public forum feature of the Virginia Regulatory Town Hall web site.

Public Hearing is scheduled for December 1, 2011 at 1:30 p.m. at the Department of Environmental Quality, Conference Room A, Second Floor at 629 East Main Street, Richmond, VA 23219. An informal question and answer period will be held one half hour prior to the public hearing at the same location for interested citizens to ask questions pertaining to the proposal and repeal.

The DEQ contact is: Elleanore Daub; Phone: (804) 698-4111; Email: elleanore.daub@deq.virginia.gov; Fax: (804) 698-4032.

**** The public may review any draft permit and applications at the DEQ offices named above by appointment***
